Canadian Association  
of Professional Employees

# Your **Champion** in the **Federal Workplace**

With over 20,000 members, the Canadian Association of Professional Employees (CAPE) is the third largest federal public service union in Canada. CAPE is dedicated to advocating on behalf of federal employees in the Economics and Social Science Services (EC) and Translation (TR) groups, as well as employees of the Library of Parliament, the Office of the Parliamentary Budget Officer and civilian members of the RCMP (ESS and TRL).

## How We Work for You

Our mandate is built around four core pillars that define the work we do and the services we offer:

- Collective bargaining
- Support and representation
- Advocacy and protection of members' rights
- Learning and development

## Your Benefits Program: ServicePlus

Registered members can take advantage of preferential insurance rates, discounts on several services such as airfare, hotels, mobile phone plans, rental cars, and more, offered through this special plan. Visit our website to check out the ServicePlus portal.

## Get Involved!

Registration gives you the ability to join a wide community of CAPE volunteers active across Canada and develop your knowledge and leadership skills with us, as well as influence the direction of your Association.

Only registered members get the following rights and benefits:

- Vote on items like salary increases and bargaining topics
- Run for a position on the National Executive Committee (NEC)
- Volunteer for the union
- Take a leadership position in their Local
- Join their collective bargaining committee
- Attend general meetings and training

Your employment within one of the classifications represented by CAPE makes you automatically covered by the collective agreement we negotiate with your employer. This means you are already paying monthly dues to CAPE and are represented in the event of a problem with the employer or in the workplace. However, you are not considered a member in good standing until you register, which limits your access to certain member privileges, ability to vote on the collective agreement and shape negotiations.
